Install the Microsoft Viva Insights app within your organization

App setup policies

App setup policies control how apps are available to user with the Teams app. You can use the Global (Org-wide default) policy and customize it or you can create custom policies and assign them to a set of users. Learn more

+ Add 🖉 Edit 🐚 Duplicate 📋 Delete 💭 Reset Global policy	8 ⁹ Manage users	Q Search	
Name Î	Description	Custom policy	
FirstLineWorker		No	/
Global (Org-wide default)		No	

Step 1: In the left navigation pane of the Teams admin center, go to Teams apps > App setup policies and select Add.

Add app setup policy		
Description		
Upload custom apps 🚯	Off Off	
Allow user pinning	On	
I nstalled apps Thoose which apps you want installed for y	our users. They can still install other apps that they want by setting up those apps in permission p	olicies.
Add apps that you want to install		

Step 2: Under Installed apps, select Add apps.

Add installed apps
